Subject: ITE Western District Section Activity Award

Dear Marc,

Congratulations! For the second year in a row, the San Diego Section has been selected the winner of the Western District award for best section activity for a small section (under 300 members), as summarized in your annual report. Overall, the Colorado-Wyoming section was selected to have the best section activity for the Western District; their report will be forwarded on to ITE Headquarters for further competitive review.

The award will be presented during the Western District annual meeting in San Francisco in June. I plan to have all of the District's section reports posted on westernite.org if you are interested in reviewing other submissions. Again, I would like to thank your section for its effort in completing the annual report this year.

If you have any questions concerning the award presentation, please call me at (505) 350-6972, or email me at kaspelin@vectorm.com.

Sincerely,
